Be Team Colors

Team Colors are the official attire for AT&T Retail, In-Home Experts and Authorized Retailers. The standards outlined in this document should not be altered without proper approval and must be followed by employees when working.

Retail employees must wear Team Colors attire and name tags for the duration of their shift.

To increase accessory sales, employees may be required to wear accessories (i.e. Bluetooth headset) as determined by their management while on the sales floor. If accessories are required, they will be provided by management.

Non-Team Colors attire, including general AT&T Brand Shop apparel, may not be worn while working.

Employees may wear a union button that is modestly sized and non-offensive while on the sales floor. For example, a button 1-2" in diameter that says "CWA" is permissible.

Managers should send employees home if they show up for work without their AT&T Team Colors attire, name tag or fail to meet acceptable appearance standards. Failure to follow Team Colors guidelines may result in disciplinary action, up to and including termination.

If you have a question regarding what is considered acceptable for work, ask your manager before you wear it.
